

CHARLES F. PRICE, III

FRONT END WEB DEVELOPER

E Cfprice3@gmail.com **P** (615) 300-1052

OBJECTIVE

Determined and enthusiastic web developer with a passion for creative solutions. Proficient in HTML/CSS, JavaScript, and Agile methodologies. Dedicated to learning additional technologies and coding languages (currently learning Node.JS and Back End Development). Regularly improving skills by applying them to new challenges and activities. Looking for an entry-level position at a great company to be a hard-working asset to any team, to learn, grow and develop long-term.

EXPERIENCE

Food Industry Representative | 131 Main Restaurant

April 2019 - Present

Our mission is to WOW every guest in a way that creates loyalty, and never let a guest leave unhappy. We have a very specific and unique style of service, which requires the support of every team member and ensures every dining experience will be memorable. My success is rooted in my communication, problem-solving skills, attention to detail, and anticipation of needs.

Floor Manager | Bavarian Bierhaus

April 2017 - March 2019

I was responsible for all day-to-day operations and ensuring the staff had the necessary tools available to promote success. I mitigated any operational issues or guest concerns, and lead the team in high volume and high stress situations. Other duties, such as conducting inventory counts and calculating performance numbers, sharpened my time management, communication, situational awareness, and leadership skills.

Sales Representative | Sprint Corporation

June 2015 - April 2017

The customer service skills I learned enabled me to provide customers with a pleasant, enjoyable experience to promote customer retention. I assisted with technological issues or unsatisfactory service experiences using strong diagnostic and interpersonal skills. With Sprint I strengthened my knowledge of devices dependent on evolving technology, and how to use creative critical thinking to resolve technical issues.
